

## Gondwana Leaders' Meeting

2015-11-08

[1]<Nylinna Nyhila> ok, thank you all for coming!

[1]<Inzoum Zimia> we got enough chairs?

[1]<Kami Kaze> nope

[1]<Nylinna Nyhila> we're not sure Bob and Noomy can make it so let's start

[1]<Inzoum Zimia> Welcome to the Halloween meeting room

[1]<Nylinna Nyhila> yes, ty Inzy :)

[1]<Nylinna Nyhila> so, ofc the main focus will be the next patch

[1]<Nylinna Nyhila> with exploratory missions, we'll have to talk about airships

*Ezzy Sam nods to Nylinna Nyhila.*

[1]<Nylinna Nyhila> if we use them for exploratory missions, we can't send them on ventures

[1]<Nylinna Nyhila> so i guess we can keep 2 for ventures and 2 for missions?

[1]<Ezzy Sam> we can go thru ishgard.. no?

[1]<Inzoum Zimia> or rather, if they're out on ventures, we can't use them for missions

[1]<Inzoum Zimia> there are benefits to going through company airship

[1]<Nylinna Nyhila> indeed, but with some limitations

[1]<Nylinna Nyhila> going on exploratory missions with our own airships give us more flexibility

[1]<Nylinna Nyhila> so what do you think?

[1]<Inzoum Zimia> I think 2 on runs and 2 on standby is fine for now, we're unlikely to go with three simultaneous parties

[1]<Inzoum Zimia> later on, maybe just 1 standby will be enough

[1]<Scar Undutchable> to be honest i have not deepened into the explorations ;(

[1]<Nylinna Nyhila> well, not with GFolk only but I was wondering if TeaCo might be interested in forming full alliance if necessary

[1]<Inzoum Zimia> one advantage of this, which I'm sure Bobbin will love, is that it will give our FC credit spending a little break

[1]<Ezzy Sam> well for the first week people would like to try it out

[1]<Inzoum Zimia> keep in mind that the airships used to enter the Diadem will return after 20 minutes

[1]<Nylinna Nyhila> so you think we should put all our ships on standby at the start, ezzy?

[1]<Ezzy Sam> would be best to hold the venture and let everyone have some fun in it

[1]<Kami Kaze> question who can have access to airships?

[1]<Inzoum Zimia> so people can stagger their entry every 20min using just one airship

[1]<Nylinna Nyhila> well, we'll have to discover that after the patch Kami

[1]<Inzoum Zimia> we only need 2 if we want to enter with 2 allied parties upfront

[1]<Nylinna Nyhila> but any member should be able to use them

[1]<Ezzy Sam> ^

[1]<Nylinna Nyhila> (well, not recruits)

[1]<Nylinna Nyhila> (well, not recruits)

[1]<Kami Kaze> then you will see no ship available

[1]<Ezzy Sam> ^^^^^ so true

[1]<Nylina Nyhila> I suppose there will be permissions by ship?

[1]<Kami Kaze> i bet some ppl will just go with 2 ppl

[1]<Nylina Nyhila> mmmh

[1]<Kami Kaze> go with\*

[1]<Inzoum Zimia> if they do, Kami, then 20in later the ship will return and be available for other people

[1]<Nylina Nyhila> I suppose only the team leader will need the permission to start the journey?

[1]<Illuminos Beldrobbaren> can always use the forums or fc message to only use certain ships, no?

[1]<Inzoum Zimia> it's not like the ship is locked out for the whole duration of the Diadem run

[1]<Nylina Nyhila> permissions\*

[1]<Nylina Nyhila> and yes, illum, but let's face the truth : will people even see the announcement? :P

[1]<Illuminos Beldrobbaren> maybe the ships themselves can be picked whether to be available for the missions or not

[1]<Kami Kaze> 100% nope

[1]<Inzoum Zimia> as for full alliance events with partner FCs, we can always schedule them ahead of time and make sure airships are available the day of the event

[1]<Illuminos Beldrobbaren> so you could have 2 blocked from being on missions

[1]<Inzoum Zimia> no permission for that Illum

[1]<Inzoum Zimia> just have to make sure no one sends them out on ventures

[1]<Inzoum Zimia> permissions are for all airships together, not individual ones

[1]<Nylina Nyhila> well, only leaders can send them on venture

[1]<Illuminos Beldrobbaren> that would be easiest though, if there was the option D:< why didn't SE think of that

[1]<Nylina Nyhila> so it's not difficult to keep 2 for the missions

[1]<Inzoum Zimia> does the patch notes mention what permissions are needed to send the airship out?

[1]<Nylina Nyhila> well, maybe the option will exist, we don't know yet

[1]<Kami Kaze> which 2 u want to keep doing what?

[1]<Inzoum Zimia> if there are no leaders online willing to participate, then members might not be able to use the ships to go to diadem

[1]<Illuminos Beldrobbaren> guess we have to wait and see what options are there when the patch is done

[1]<Inzoum Zimia> we may need to change permissions or add a rank with flight permission to address this

[1]<Nylina Nyhila> well, i'd say derp and WHAT for ventures

[1]<Inzoum Zimia> WHAT still needs exp no?

[1]<Kami Kaze> its at rank 3x

[1]<Nylina Nyhila> yeah, that's why it should still go on ventures

[1]<Inzoum Zimia> right

*Ezzy Sam agrees wholeheartedly.*

[1]<Nylinna Nyhila> to gain exp

[1]<Nylinna Nyhila> and i'd say derp because... well it's our first airship? :P

[1]<Kami Kaze> well without new parts exp gain is slow

[1]<Nylinna Nyhila> always been asigned for ventures? :P

[1]<Nylinna Nyhila> well, we may adapt the parts ofc

[1]<Inzoum Zimia> by the way, boarding FC airships to enter the Diadem requires tanks of Mission Ceruleum, which is obtained with Company Credits

[1]<Inzoum Zimia> we will need to make these available in the company chest as only leaders are allowed to spend CC

[1]<Kami Kaze> ssssh dont tell bobbin

[1]<Ezzy Sam> lol

[1]<Nylinna Nyhila> from what i've understood, the airship you send on misson don't require very high stats

*Illuminos Beldrobbaen nods to Kami Kaze.*

[1]<Inzoum Zimia> unless we decide to maintain Diadem runs as leader-initiated only Nylinna Nyhila bursts out laughing at Kami Kaze.

[1]<Nylinna Nyhila> well, actually, whocan buy ceruleums thingies with FC credits?

[1]<Inzoum Zimia> our 3 rank 50 airships are all capable of running every version of Diadem, they meet the requirements

[1]<Inzoum Zimia> right now only leaders can buy items with FC credits

[1]<Scar Undutchable> ``must dump patatos`` brb

[1]<Nylinna Nyhila> all the Azimuth drakes and above,

[1]<Nylinna Nyhila> how do you know that Inzy?

[1]<Inzoum Zimia> azimuth drakes also?

[1]<Ezzy Sam> btw wats the fc credit threshold?

[1]<Nylinna Nyhila> I don't know

[1]<Inzoum Zimia> how do I know what?

[1]<Kami Kaze> right now everyone has access to fc credit

[1]<Nylinna Nyhila> well, azimuth drakes can by fc actions

[1]<Inzoum Zimia> ah, ok

[1]<Nylinna Nyhila> so they have access to fc credit

[1]<Nylinna Nyhila> so i suppose that azimuth drake have access to everything with fc credits

[1]<Nylinna Nyhila> so i suppose only them would be able to send a ship on an exploratory mission?

[1]<Kami Kaze> thats 28 ppl gain access

[1]<Nylinna Nyhila> I think only the team leader will need the mission ceruleum tanks

[1]<Nylinna Nyhila> that seems reasonable to me

[1]<Inzoum Zimia> sounds ok

[1]<Nylinna Nyhila> 28 ppl able to send the airships on mission

[1]<Nylinna Nyhila> well no

[1]<Nylinna Nyhila> more

[1]<Kami Kaze> i would just lock fc credit and leader buy the tank ans store it on tab 1  
[1]<Nylinna Nyhila> leaders can do that as well  
[1]<Scar Undutchable> back  
[1]<Nylinna Nyhila> and gardeners  
[1]<Nylinna Nyhila> so that would mean reducing the member's permissions?  
[1]<Inzoum Zimia> I think we should just store the Mission ceruleum tanks on a generally accessible page of the chest  
[1]<Inzoum Zimia> only have a few available at once and restock as needed  
[1]<Nylinna Nyhila> I don't like that  
[1]<Kami Kaze> yes since ezzy is incharge of fc buff they dont need fc credit  
[1]<Nylinna Nyhila> let's leave things are they are right now and if ppl abuse and buy too much, let's reduce the permissions  
[1]<Inzoum Zimia> ok  
[1]<Inzoum Zimia> it's not like "abuse" here is THAT big of a deal  
[1]<Scar Undutchable> there whas a new premision system i saw rq  
[1]<Nylinna Nyhila> I'm in favour of giving my trust first then taking it back if ppl "abuse"  
[1]<Kami Kaze> for example remove access to name change  
[1]<Nylinna Nyhila> untill now, we've feared thievery, we've feared housing problems...  
[1]<Nylinna Nyhila> LOL kami ;)  
*Ezzy Sam bursts out laughing at Kami Kaze.*  
[1]<Nylinna Nyhila> actually, you have the access back :P  
[1]<Nylinna Nyhila> anyway  
[1]<Scar Undutchable> but people not realy abuse it in the past ?  
[1]<Kami Kaze> i no thats y im planning something evil  
[1]<Nylinna Nyhila> in the past we've feared many things and we didn't ecounter that many problems  
*Nylinna Nyhila slaps Kami Kaze.*  
[1]<Inzoum Zimia> we have a trustworthy member base  
*Ezzy Sam gently pats Kami Kaze.*  
[1]<Illuminos Beldrobbaren> also depending on the outcome of those missions, some ppl might not even be interested after a try or 2  
[1]<Nylinna Nyhila> ty for highlighting new permissions will be added, Scar  
[1]<Kami Kaze> wait till kweh and what come back and u will see  
[1]<Nylinna Nyhila> i'll check that asap on Tuesday  
[1]<Nylinna Nyhila> don't make me change my mind, kami :P  
[1]<Nylinna Nyhila> that's true, Illum  
*Ezzy Sam looks at Nylinna Nyhila in shock!*  
[1]<Kami Kaze> um ilvl 210 gear cant say no to that  
*Ezzy Sam nods to Kami Kaze.*  
[1]<Nylinna Nyhila> yeah, but everyone is not obsessed by gear improvement

[1]<Scar Undutchable> we will gather a lot of point next week everybody doing the new stuff so point to spare its not a prob i think

[1]<Nylinna Nyhila> I guess we'll see how ppl will behave

[1]<Nylinna Nyhila> so, do we agree on 2 airships on ventures and 2 airships available for missions?

***Bobbin Threadbare has logged in.***

[1]<Inzoum Zimia> Aye

[1]<Nylinna Nyhila> Hi Bob!

[1]<Illuminos Beldrobbaren> yep

[1]<Inzoum Zimia> if it turns out 3 is not enough we can adjust rapidly

[1]<Scar Undutchable> to be honest i never touch the main board of that thing

[1]<Inzoum Zimia> I mean 2

[1]<Ezzy Sam> ok then,

[1]<Bobbin Threadbare> sorry being late, just got back home

[1]<Inzoum Zimia> np Bob

[1]<Scar Undutchable> np welcome

[1]<Bobbin Threadbare> ty

[1]<Nylinna Nyhila> np Bob, we knew the schedule wasn't easy for you

[1]<Kami Kaze> btw next patch ppl can see the cs of the ship without sending out the ship

[1]<Ezzy Sam> ^^^^

[1]<Ezzy Sam> havent seen it yet

[1]<Nylinna Nyhila> yes, that will be nice :)

[1]<Nylinna Nyhila> really?

[1]<Inzoum Zimia> um no, what the patch notes say is that everyone in the room will be able to see the cutscene when the airship is sent out

[1]<Bobbin Threadbare> yes, patch said it

[1]<Inzoum Zimia> however the last airship used will remain visible on the control panel

[1]<Nylinna Nyhila> well, people who send the ships on venture, invite members to come see the cs before sending it :-)

[1]<Inzoum Zimia> I didn't see anything about "watching cutscene without sending ship"

[1]<Bobbin Threadbare> not really important. already saw it. lol

[1]<Ezzy Sam> yea only when sending out

[1]<Nylinna Nyhila> regarding to the airships we keep on ventures, have you all read the thread regardint to airship parts?

[1]<Kami Kaze> me too lazy to type out the detail

***Bobbin Threadbare bows.***

***Ezzy Sam waves to Bobbin Threadbare.***

***Nylinna Nyhila blows Bobbin Threadbare a kiss.***

[1]<Nylinna Nyhila> macro it :P

[1]<Bobbin Threadbare> lol

[1]<Bobbin Threadbare> well... just in advance, say goodbye for me wearing thong next patch. lol

[1]<Nylinna Nyhila> yay!

*Ezzy Sam looks at Bobbin Threadbare in shock!*

[1]<Nylinna Nyhila> best news of the day :D

[1]<Illuminos Beldrobbæn> hear hear

[1]<Bobbin Threadbare> coz i'll be back in 1.0 style, cowls XD

*Ezzy Sam claps for Bobbin Threadbare.*

[1]<Kami Kaze> scar gonna go naked starting next patch

[1]<Inzoum Zimia> I'm sure Helena will be proud of you Bobbin

[1]<Nylinna Nyhila> anyway back to our main topic :-)

[1]<Bobbin Threadbare> gud. lawl

[1]<Nylinna Nyhila> the airship parts

[1]<Bobbin Threadbare> i highly doubt it, ny. lawl

[1]<Nylinna Nyhila> so the 2 we're sending on missions don't need really high stats

[1]<Nylinna Nyhila> so let's focus on the ship which will continue ventures

[1]<Nylinna Nyhila> atm WHAT still need to lvl

[1]<Inzoum Zimia> I think there will be new islands to explore in airship ventures, we'll need one capable or fast trips to unlock the new sectors, the other one can be a slow freighter

[1]<Nylinna Nyhila> and according to kami, it requires better parts

[1]<Nylinna Nyhila> let's take them from BORK and KWEH

[1]<Kami Kaze> well kweh is not even fully upgrade

[1]<Bobbin Threadbare> before that, did all already agree on ship assignment according to that thread?

[1]<Nylinna Nyhila> and DERP... I think we should choose either the Frugal Freighter or the Trailblazer ?

[1]<Inzoum Zimia> lemme go check the post again for stats

[1]<Nylinna Nyhila> well, WHAT needs exp, DERP is our ship with the best parts

[1]<Bobbin Threadbare> well... after seeing what next patch brings, guess i would say trailblazer this time

[1]<Nylinna Nyhila> and the 2 others don't really need high stats if we send them on missions, so let's mainly focus and derp and what

[1]<Bobbin Threadbare> frugal for focusing fc credits fyi

[1]<Nylinna Nyhila> for the parts

[1]<Bobbin Threadbare> i know i said more frugal on thread, but that was before info from patch notes

[1]<Nylinna Nyhila> and give what's left to the 2 others?

[1]<Nylinna Nyhila> understood, Bob

[1]<Inzoum Zimia> I think in the end, we should have 1 frugal freighter and 1 trailblazer at least

[1]<Nylinna Nyhila> agreed with inzy

[1]<Bobbin Threadbare> tbh i don't have full idea, i do know from the original thread that those setup are best for maxed ur parts without sacrificing too much

[1]<Inzoum Zimia> we can start with trailblazer to improve discovery of new sectors

[1]<Nylinna Nyhila> the other models don't seem as interesting to me  
[1]<Inzoum Zimia> start\*  
[1]<Bobbin Threadbare> yeah, especially the most invincible  
[1]<Nylinna Nyhila> indeed  
[1]<Bobbin Threadbare> but... like i said, the 4 setup r for maxing ur parts and avoid leftovers  
[1]<Kami Kaze> bob trailblazer require more fc credit than the other one if u look at the stats  
[1]<Nylinna Nyhila> he knows ;)  
[1]<Bobbin Threadbare> lol  
[1]<Inzoum Zimia> yeah, but discovering new sectors is important  
[1]<Inzoum Zimia> we want first dibs on the new goodies ;)  
[1]<Bobbin Threadbare> well... i'm just hoping that the upcoming expedition would somehow boost credits  
[1]<Bobbin Threadbare> and speaking of which, we kinda lacking DoLs here  
[1]<Nylinna Nyhila> I think discovery is important and at the start of patch 3.1, we'll get more fc credits because ppl will be more active  
[1]<Kami Kaze> well if we want new goodies then we have to make a deal with RNGesus  
[1]<Inzoum Zimia> sacrifice Asbel  
[1]<Nylinna Nyhila> that will be another topic, Bob  
[1]<Ezzy Sam> ^  
[1]<Bobbin Threadbare> lawl  
[1]<Nylinna Nyhila> SACRIFICE LALA'S  
[1]<Scar Undutchable> ahhhhh  
[1]<Kami Kaze> sector 22 took almost 2 months to unlock  
[1]<Nylinna Nyhila> damn, inzy was quicker :P  
[1]<Bobbin Threadbare> when u guyz gonna drag azz here btw? lawl  
[FC]<Kami Kaze> [17:43][3]<Nylinna Nyhila> SACRIFICE LALA'S  
[FC]<Nylinna Nyhila> LOOOOOOOOOOOOOOL  
[FC]<Inzoum Zimia> traitor  
[FC]<Bobbin Threadbare> lawl  
[FC]<Kami Kaze> lol  
[FC]<Ezzy Sam> lol  
[FC]<Inzoum Zimia> revealing state secrets  
[FC]<Scar Undutchable> ....  
[FC]<Nylinna Nyhila> YOU HAVE SEEN NOTHING!!!!  
[FC]<Nylinna Nyhila> ;)  
[1]<Nylinna Nyhila> so Trailblazer first  
[1]<Bobbin Threadbare> yeah  
[FC]<Scar Undutchable> @. @ @. @ @. @  
[1]<Inzoum Zimia> let's get to work on that as soon as possible  
[1]<Bobbin Threadbare> oh.. before that, need to know the part assessment

[1]<Nylinna Nyhila> then what will become a Frugal Freighter when it'll hit 50?

[1]<Bobbin Threadbare> just in general

[1]<Nylinna Nyhila> and we'll see whch parts we're left?

[1]<Bobbin Threadbare> i think 1 frugal still necessary, just not 2

[1]<Inzoum Zimia> For Trailblazer we're only mission Odyssey Hull

[1]<Nylinna Nyhila> Inzy, i think we'll need yu to take the remaining parts that are on Ligeias

[1]<Inzoum Zimia> for Frugal Freighter we'll need Tatanora Forecastle and Aftcastle

[1]<Inzoum Zimia> yes, I'll drop the remaining parts in the chest to allow some swapping while we work on configuring these

[1]<Nylinna Nyhila> we're not in a hurry for those 2 parts : What is not ready yet

[1]<Kami Kaze> i would rather have treasure hunter instead it can run 3 sectors

[1]<Nylinna Nyhila> instead of the Frugal Freighter?

[1]<Inzoum Zimia> it would make more sense t make one of the current rank 50 airships a frugal freighter and give the remaining parts to WHAT

[1]<Kami Kaze> ya

[1]<Inzoum Zimia> otherwise we'll just be waiting for it to level

[1]<Nylinna Nyhila> but it has less survey and less retrieve

[1]<Inzoum Zimia> it's still pretty good

[1]<Nylinna Nyhila> and what about the fc credit cost,

[1]<Nylinna Nyhila> ?

[1]<Nylinna Nyhila> (btw, atm we have 646k)

[1]<Inzoum Zimia> well, for an equivalent range, if it takes more time to carry out its mission, you'll be sending it out less often

[1]<Inzoum Zimia> so it'll cost less

[1]<Kami Kaze> one is 12 credit per run the other is 18 credit per run

[1]<Inzoum Zimia> where do you have that info Kami?

[1]<Kami Kaze> 5 stars sectors cost 6 tank

[1]<Nylinna Nyhila> oki

[1]<Inzoum Zimia> ok

[1]<Nylinna Nyhila> well, we all agree on the Trailblazer

[1]<Bobbin Threadbare> yup

[1]<Nylinna Nyhila> regarding to the second airship

[1]<Nylinna Nyhila> Frugal Freighter or treasure hunter?

[1]<Inzoum Zimia> I'd say frugal freighter first, but later on when the Diadem trend dies out, we can probably keep only 1 airship on standby, Treasure hunter would be my choice for 3rd

[1]<Bobbin Threadbare> frugal i think, i still haven't got clear idea on treasure yet

[1]<Nylinna Nyhila> or maybe : start with treasure hunter then if we can't afford it, move to Frugal Freighter ?

[1]<Nylinna Nyhila> (speaking about FC credits ofc)

[1]<Bobbin Threadbare> lol

[1]<Scar Undutchable> Frugal Freighter ? wat is tha ?  
[1]<Nyliina Nyhila> to everybody : your opinion is required now ;)  
[1]<Nyliina Nyhila> ...  
[1]<Kami Kaze> we r spending about 10k credit per week but bob still havent cry so i guess we r good  
[1]<Nyliina Nyhila> [http://gondwana.cc/forum\\_threads/2260247](http://gondwana.cc/forum_threads/2260247)  
*Ezzy Sam bursts out laughing at Kami Kaze.*  
[1]<Nyliina Nyhila> I've asked ppl to check that forum post, Scar  
[1]<Nyliina Nyhila> we're talking about the kind of ship we mant, which stats to choose  
[1]<Nyliina Nyhila> ok, so if no one has anything to add :  
[1]<Nyliina Nyhila> let's start with treasure hunter then if we can't afford it, move to Frugal Freighter  
[1]<Nyliina Nyhila> we can still changeb in a few months when the activity will be lower  
[1]<Bobbin Threadbare> lol k  
[1]<Inzoum Zimia> as long as we have the parts on hand to swap their roles, we can change them anytime  
[1]<Nyliina Nyhila> one very last thing regarding to airship then we'll move to another topic  
[1]<Scar Undutchable> aha iaght  
[1]<Inzoum Zimia> worst of cases we'll just make a few extra parts and get more choice to adapt  
[1]<Nyliina Nyhila> going on exploratory missions with our airships will give us the possibility to choose the loot rules  
[1]<Inzoum Zimia> it's also the only way to access the Hard difficulty  
[1]<Nyliina Nyhila> should we se the loot master rule and manage a spreadsheet to make sure all the participants get equivalent loots or would it be too complex?  
[1]<Inzoum Zimia> naw, too much of a fuss  
[1]<Inzoum Zimia> let's just run more  
[1]<Inzoum Zimia> these are mostly pink items  
[1]<Inzoum Zimia> there's no weekly limit or anything  
[1]<Nyliina Nyhila> ok, so we'll leave the choice to the team leaders I guess,  
[1]<Bobbin Threadbare> there's 120m cd tho  
[1]<Inzoum Zimia> yeah, that's how it works anyway  
[1]<Nyliina Nyhila> ok next topic  
[1]<Kami Kaze> 120 month?  
[1]<Bobbin Threadbare> minutes. lol  
[1]<Nyliina Nyhila> and for that I'll let Inzy speak  
[1]<Nyliina Nyhila> DOH  
[1]<Bobbin Threadbare> from what i read in patch note  
[1]<Nyliina Nyhila> go ahead, inzy  
[1]<Inzoum Zimia> m is the abreviation for the IS unit "metre", minutes is "min"  
[1]<Bobbin Threadbare> lol jez continue inzy  
[1]<Inzoum Zimia> anyway, the patch notes brought to light information on new recipes  
[1]<Inzoum Zimia> there will now be Specialist-only recipes

[1]<Inzoum Zimia> I haven't chosen any specialities just yet  
[1]<Bobbin Threadbare> that's gonna be toughie  
[1]<Inzoum Zimia> but we'll have to check who specializes in what and try to fill in all roles, as there are some furnishing items that I won't be able to make for us, for sure  
[1]<Bobbin Threadbare> if i had to choose, i guess i pick those based on my desynth level  
[1]<Inzoum Zimia> For the most part, I think we need to maintain a spreadsheet of everyone's specialties, or preference for those who haven't picked any yet  
[1]<Bobbin Threadbare> agreed  
[1]<Nylina Nyhila> that seems wise to me  
[1]<Nylina Nyhila> but we'll have to advertize that spreadsheet  
[1]<Kami Kaze> include that in application?  
[1]<Inzoum Zimia> in case we lack high-level crafters to cover some specialties, I was thinking we should bring the matter to the Masamune FC Union and have them provide information on their specialists as well  
[1]<Nylina Nyhila> that's a brilliant idea, kami  
[1]<Inzoum Zimia> with the help of allied FCs, we could cover everyone's need  
[1]<Inzoum Zimia> good idea Kami, duly noted  
[1]<Inzoum Zimia> Personally, I don't mind picking oddball specialties to fill the holes in what everyone else already picked  
[1]<Nylina Nyhila> reminder: the FC union is the union of the english FC of masamune  
[1]<Kami Kaze> btw that reference pornhub guy is gone  
[1]<Inzoum Zimia> yeah  
[1]<Nylina Nyhila> and here is the website : <http://events.enjin.com/>  
[1]<Bobbin Threadbare> but 1st things 1st, u think specialist would have any great impact? think we need to see how thing goes with next patch 1st  
[1]<Ezzy Sam> @. @  
[1]<Nylina Nyhila> we know, kami  
[1]<Nylina Nyhila> I though you'd be happy with that  
[1]<Inzoum Zimia> the screenshot from the patch notes only showed a furniture item as a specialist-only recipe  
[1]<Inzoum Zimia> but there may be more  
[1]<Inzoum Zimia> I'm not expecting new crafted gear just yet  
[1]<Bobbin Threadbare> yeah, kinda very minimum info  
[1]<Inzoum Zimia> but there's no saying what the future will hold  
[1]<Nylina Nyhila> I'm considering excluding him from the website (atm he still have limited access)  
[1]<Bobbin Threadbare> well... the gears i think would come in 3.2  
[1]<Inzoum Zimia> it may be that in 3.4, all the good stuff requires specialist  
[1]<Inzoum Zimia> and we need to be ready for that  
[1]<Inzoum Zimia> which is why I'm proposing that we try to organize our stuff in anticipation for this as right now this is just the tip of the iceberg

[1]<Nyli Na Nyhila> so let's start by a GFolk spreadsheet only then extend it to the FC union later if needed?

[1]<Kami Kaze> i can see the mb will fill up with 100mil+ items

[1]<Inzoum Zimia> exactly

[1]<Inzoum Zimia> yes Kami, that's what I'm worried about

[1]<Inzoum Zimia> we'll miss out on stuff because we won't be able to handle it in-house

[1]<Inzoum Zimia> which is why we need to spread our talents and look to build a network of contacts to get what we're missing in exchange for providing service to others

[1]<Inzoum Zimia> service\*

[1]<Bobbin Threadbare> hmmm

[1]<Inzoum Zimia> it's also good publicity for us if we initiate the project

[1]<Inzoum Zimia> shows GFolk as pro-active towards other english FCs

[1]<Inzoum Zimia> anyway, any comments on this?

[1]<Nyli Na Nyhila> indeed

[1]<Bobbin Threadbare> i got a feeling that alchemist & culinarian would be high in demand, but less ppl wanna delve in. that's just me though. ^^

[1]<Nyli Na Nyhila> well, you're in charge of the spreadsheet, inzy?

[1]<Inzoum Zimia> yes

[1]<Inzoum Zimia> I'll handle it

[1]<Nyli Na Nyhila> and Kami, wanna change the application form?

[1]<Kami Kaze> sure

[1]<Nyli Na Nyhila> so that's settled

[1]<Inzoum Zimia> I'll separate it from Talan Tables though

[1]<Nyli Na Nyhila> anything to add?

[1]<Nyli Na Nyhila> yes ofc

[1]<Inzoum Zimia> as I don't want people to switch tabs and peek into our finances :P

[1]<Nyli Na Nyhila> especially if we intend to share it to other ppl in the future

[1]<Inzoum Zimia> exactly

[1]<Kami Kaze> kill some useless tab in talan table?

[1]<Bobbin Threadbare> how about desynth level information? i do know stuff like fc3 r still in high demand in some crafts

[1]<Inzoum Zimia> I want to do that but Nyli's a hoarder

[1]<Nyli Na Nyhila> i'll archive some, Kami

[1]<Inzoum Zimia> "memories"

[1]<Ezzy Sam> ^

[1]<Inzoum Zimia> Good idea Bobbin

[1]<Nyli Na Nyhila> i want to preserve Talan's work

[1]<Inzoum Zimia> I can add that to the spreadsheet as well

[1]<Kami Kaze> that crossed out page is not memory

[1]<Nyli Na Nyhila> what they did in the past count

[1]<Bobbin Threadbare> i think desynth would be very important for supply/demand

[1]<Nyliina Nyhila> i'll create a separate spreadsheet for memories :P

[1]<Inzoum Zimia> OK, next order of business: Aetherial Wheels

[1]<Bobbin Threadbare> lol

[1]<Nyliina Nyhila> wait wait

[1]<Nyliina Nyhila> what Bob says is true

[1]<Inzoum Zimia> yes and I said I would add that to the spreadsheet as well

*Scar Undutchable dozes off quietly.*

[1]<Nyliina Nyhila> add desynth to the sreadsheet

[1]<Nyliina Nyhila> perfect

[1]<Bobbin Threadbare> lol scars sleeping

*Illuminos Beldrobbaen agrees wholeheartedly with Bobbin Threadbare.*

*Ezzy Sam pokes Scar Undutchable.*

[1]<Inzoum Zimia> PAitch notes mentionned Aetherial Wheels will take less time to spin than previously

[1]<Bobbin Threadbare> yup

*Ezzy Sam claps.*

[1]<Inzoum Zimia> I've been hoarding materials for Grade II and Grade III wheels for a while already

*Nyliina Nyhila smiles.*

*Ezzy Sam lets out a cheer.*

[1]<Inzoum Zimia> Bobbin has helped with gathering ingredients for hte Grade III wheels which are quite complex and expensive

[1]<Ezzy Sam> we can go pre-made em later

[1]<Inzoum Zimia> but we do have a good stock ready for several wheels of all grades

[1]<Bobbin Threadbare> i have already unlocked folklores for it, so they would be easier to provide, though they only pop 24 hours

[1]<Inzoum Zimia> we can spin 3 wheels at once and drastically cut down on FC credits usage for FC buffs

[1]<Inzoum Zimia> we need to get at this more seriously

*Nyliina Nyhila nods to you.*

[1]<Bobbin Threadbare> oh? like how?

[1]<Inzoum Zimia> Grade II and III wheels require use of the Workshop to build

[1]<Nyliina Nyhila> like making them spin day and night :P

*Ezzy Sam nods.*

[1]<Bobbin Threadbare> haha ^^;

[1]<Ezzy Sam> and 4 party member...

[1]<Inzoum Zimia> so at one point or another we're going to have to sit down in the workshop and make some wheels

[1]<Inzoum Zimia> exactly Ezzy

[1]<Bobbin Threadbare> unfortunately, they still don't stack, right?

[1]<Inzoum Zimia> I don't want us to be spinning only grade 1 wheels because we're too lazy to make a party of 4 for a few minutes

[1]<Inzoum Zimia> they don't stack no

[1]<Ezzy Sam> ouch.....

[1]<Nyliina Nyhila> I think you should be in charge of that Bob : gathering ppl in order to craft the grade II and III wheels

[1]<Bobbin Threadbare> that's gonna be quite problem

[1]<Inzoum Zimia> but for what it takes to grab 4 random schmucks in level 1 CRP gear

[1]<Kami Kaze> tab 1 is free

[1]<Bobbin Threadbare> lol

[1]<Inzoum Zimia> they can be naked and holding a hammer upside down, it's fine

[1]<Nyliina Nyhila> yeah, but we'll ned it to build next airship parts, kami

[1]<Ezzy Sam> it took me an hour to get enough people for grade 2 =.=

[1]<Bobbin Threadbare> lol ^^;

[1]<Nyliina Nyhila> (btw i really really wonder what that new housing npc will be)

[1]<Inzoum Zimia> you can look outside the FC as well

*Illuminos Beldrobbæn gently pats Ezzy Sam.*

[1]<Bobbin Threadbare> we definately lacking resources here ^^;

[1]<Nyliina Nyhila> an hour, Ezzy?

[1]<Kami Kaze> build the ships first then

[1]<Bobbin Threadbare> yep

[1]<Nyliina Nyhila> if necessary, get ppl from outside the fc

[1]<Nyliina Nyhila> inzy and I have already helped other fc's that way

[1]<Bobbin Threadbare> i did kinda pulled by other fc several times to help with their projects too

[1]<Inzoum Zimia> inded

[1]<Nyliina Nyhila> and Bob apparently ;)

*Ezzy Sam claps.*

[1]<Nyliina Nyhila> but i'd like Bob to do that

[1]<Bobbin Threadbare> hmmmm

[1]<Inzoum Zimia> I would like the leaders especially to make an effort to participate when we need to use the workshop for this

[1]<Nyliina Nyhila> you're present in many ls, that may be useful

[1]<Inzoum Zimia> it only takes a few minutes

[1]<Bobbin Threadbare> i still like to elect ezzy for it tho, at least he's more strict on schedule

[1]<Nyliina Nyhila> well, leaders are already the main participants, Inzy

[1]<Ezzy Sam> i am? :P

[1]<Bobbin Threadbare> yeah, i saw u. lol

[1]<Nyliina Nyhila> Ezzy better for activating the buffs,

[1]<Ezzy Sam> lol kami will slap me for that

[1]<Nyliina Nyhila> and spinning the wheels

[1]<Kami Kaze> hes been afk alot

[1]<Bobbin Threadbare> lawl

[1]<Nylina Nyhila> but that's enough imo

[1]<Inzoum Zimia> I will try to post on the website soon a guide on what crafter/gathered items we need to make aetherial wheels and other general-purpose FC items

[1]<Bobbin Threadbare> well... ok i guess

[1]<Inzoum Zimia> like Airship Repair Materials

[1]<Nylina Nyhila> i'm thinking about someone in charhe of building the parties to craft the grade II and grade III wheels

*Illuminos Beldrobbæn pokes the accompaniment node.*

[1]<Bobbin Threadbare> repair mats can be crafted on any doh right, provided they unlocked latest master recipes?

[1]<Nylina Nyhila> charge\*

[1]<Inzoum Zimia> I'll ask you all to please have a look at it once it's ready so that we can work together to make sure we always have on hand the materials to spin lots of Aetherial Whels

[1]<Inzoum Zimia> it'll give our FC credits big break

[1]<Nylina Nyhila> yes

[1]<Inzoum Zimia> indeed Bobbin

[1]<Inzoum Zimia> different classes use different crystals though

[1]<Inzoum Zimia> but the ingredients are the same

[1]<Bobbin Threadbare> yeah

[1]<Inzoum Zimia> that's all I wanted to say about these topics

[1]<Nylina Nyhila> ok, so next one : materia bank

[1]<Bobbin Threadbare> but at least with Aetherial Reduction, hopefully that wouldn't be an issue. just need to avoid ice & water since it's exclusive to fisher. ^^;

[1]<Nylina Nyhila> go ahead, inzy

*Scar Undutchable sings too the Hoary the Snowman `` let it go ,let it gooooo..... ``*

*Ezzy Sam bursts out laughing at Scar Undutchable.*

*Nylina Nyhila bursts out laughing at Scar Undutchable.*

[1]<Inzoum Zimia> I've prepared a draft for an information post about Materia sales, which I've commnicated to you all on the website

[1]<Inzoum Zimia> I hope you've had a chance to look at it

[1]<Bobbin Threadbare> i did

[1]<Kami Kaze> readed lol

*Ezzy Sam nods to you.*

[1]<Bobbin Threadbare> again i ask, is that the real amount we had?

[1]<Inzoum Zimia> I know Bobbin's worried that there's not enough stock and that they'll sell too fast

[1]<Inzoum Zimia> yes, that's our current stock

[1]<Inzoum Zimia> update this morning

[1]<Bobbin Threadbare> lol

[1]<Inzoum Zimia> I say they won't sell too fast  
[1]<Bobbin Threadbare> not really that worries inzy  
[1]<Nylina Nyhila> we've always been worried about quick sales and never encountered issues :P  
[1]<Bobbin Threadbare> just thinking whether if it's necessary or not  
[1]<Inzoum Zimia> what are we going to do with them otherwise?  
[1]<Nylina Nyhila> you wanna give them for free?  
[1]<Bobbin Threadbare> lol ofc not  
[1]<Inzoum Zimia> I'm against giving them for free  
[1]<Ezzy Sam> free? gone in a second :)  
[1]<Nylina Nyhila> so I don't see any other solution  
[1]<Inzoum Zimia> these materia come from airship expeditions, the Airship Repair Materials cost a pretty penny, so selling these materia could help dampen the costs  
[1]<Bobbin Threadbare> i'm just saying that our current stock r just kinda minimum for it. again, that's just me  
[1]<Nylina Nyhila> it wouldn't be fair to just sell them on MB  
[1]<Inzoum Zimia> we could just sell them on the market board  
[1]<Bobbin Threadbare> but... i'm ok with inzy idea tho  
[1]<Inzoum Zimia> (we have quite a lot of value in our materia stock, to be honest)  
[1]<Scar Undutchable> and get stuff for the airship ...  
[1]<Bobbin Threadbare> (i have no object in that. lol)  
[1]<Inzoum Zimia> but Gondwana has always had a focus of providing a service to our members  
[1]<Nylina Nyhila> 50% discount seems good to me  
[1]<Bobbin Threadbare> haha that's really nice ny  
[1]<Nylina Nyhila> exactly : our members first, always  
[1]<Inzoum Zimia> We haven't formally decided on a price point but I think 50% market price is good  
[1]<Inzoum Zimia> right now a lot of materia are down to vendor price  
[1]<Bobbin Threadbare> so i guess it's similar with chocobo food market?  
[1]<Inzoum Zimia> this will likely change in the future when dungeon/tomesone gear get materia slots in 3.2  
[1]<Nylina Nyhila> well, we first thought about 1 person in charge  
[1]<Nylina Nyhila> but maybe the idea of closing another page would be ok  
[1]<Bobbin Threadbare> (here comes... lol)  
[1]<Inzoum Zimia> right now they're all stocked n Ligeia, which isn't very convenient as we would need my to be online to handle transactions  
[1]<Nylina Nyhila> however, that would limit the storage even more  
[1]<Nylina Nyhila> (and that's why i'm sooooo interested by that steward npc : what will it do?)  
[1]<Inzoum Zimia> if we can afford closing down a chest page for this, we could handle sales like we do for chocobo feed  
[1]<Bobbin Threadbare> (lol)  
*Scar Undutchable stretches.*

[1]<Bobbin Threadbare> (go ahead : ) )

[1]<Inzoum Zimia> I would be very relieved if we could use a chest page for this to be honest

*Scar Undutchable looks around.*

[1]<Nylina Nyhila> but that mean : either we have space for food or we have space for airship mats

[1]<Kami Kaze> im gonna put a maiden in my room

[1]<Nylina Nyhila> not both

*Ezzy Sam pokes Kami Kaze.*

[1]<Inzoum Zimia> our food has been rotting in the chest for ages

*Nylina Nyhila: why am i not surprised, kami? :P*

[1]<Inzoum Zimia> Kami pointed out that the stack of Cheese Risotto ..... has Inaeri's signature

[1]<Bobbin Threadbare> i never knew digital food can rot too. lol

[1]<Scar Undutchable> but it still tasted good

[1]<Inzoum Zimia> that's over 500 days sitting in the chest

[1]<Kami Kaze> 500+ days ago

[1]<Ezzy Sam> lolxxxxx

[1]<Nylina Nyhila> yeah

[1]<Inzoum Zimia> can we consider that food is not a main focus, then?

*Scar Undutchable looks very angry.*

*Scar Undutchable disagrees vehemently.*

[1]<Nylina Nyhila> plus this food is relevant for lvl 50 jobs

[1]<Bobbin Threadbare> hmm

[1]<Nylina Nyhila> not sure the stats are still good at lvl 60

[1]<Bobbin Threadbare> well... i did mention this issue the other day personally

[1]<Nylina Nyhila> plus

[1]<Nylina Nyhila> we kept the food for end game raids

[1]<Inzoum Zimia> we can keep a few, but I don't think we need a full page for it

[1]<Kami Kaze> most of the food is chest is for crafter pretty useless

[1]<Inzoum Zimia> indeed Kami

[1]<Nylina Nyhila> and there is no static anymore

*Ezzy Sam: salvage? BOOOOOOOooooooo*

[1]<Nylina Nyhila> so what? we invite ppl to get them quickly or do we sell them?

*Kami Kaze: salvage is in ffxi*

[1]<Bobbin Threadbare> well... my own reason for it becoz i kinda need space for crafting output, which might indirectly help with fc credits. as u know, hq craft gives fc credits income too. i'm not say limiting to food tho

*Ezzy Sam: :P*

[1]<Nylina Nyhila> well, you can sell it?

[1]<Bobbin Threadbare> lol ofc i can sell

[1]<Nylina Nyhila> so let's do that : no more food in the chest

[1]<Nylina Nyhila> we'll have to change the "use of the chest" message on the website as well

[1]<Inzoum Zimia> that's not an issue

*Scar Undutchable feeds the wolf pup.*

Ezzy Sam: i use this £Lowland Grapes rather then the food in chest lolx...

[1]<Nylinna Nyhila> Scar, would you do that?

[1]<Bobbin Threadbare> no food at all or only keeping fews?

*Scar Undutchable beckons to the wolf pup.*

[1]<Nylinna Nyhila> inviting people to use the food and sell what's left?

[1]<Inzoum Zimia> we can keep a few in page 1, but no more than 1-2 kinds of DoH food, 1-2 kinds of DoL food and a few battle foods

[1]<Bobbin Threadbare> ok. guess that's good

[1]<Nylinna Nyhila> no, forget battle food

[1]<Inzoum Zimia> ok

[1]<Nylinna Nyhila> only doh and dol

[1]<Bobbin Threadbare> or maybe just eliminate battle foods since food furnitures does that too? lol

[1]<Ezzy Sam> ^

[1]<Nylinna Nyhila> because each class needs specific stats

[1]<Nylinna Nyhila> just keep few dol and doh and that's all

[1]<Kami Kaze> i believe furniture food covers all stats already

[1]<Bobbin Threadbare> which again, i think only importants for high-end contents

[1]<Inzoum Zimia> agreed, our members seem to use a lot of the food furniture but not much of the food in the chest

[1]<Scar Undutchable> that will be good

[1]<Nylinna Nyhila> so let's focus on "food furniture"

[1]<Ezzy Sam> i'll eat that table

[1]<Bobbin Threadbare> lawl

*Illuminos Beldrobbaen cheers Ezzy Sam on!*

*Ezzy Sam bursts out laughing.*

[1]<Nylinna Nyhila> ok, so Scar, i count on you to clear the page 2, ok?

[1]<Scar Undutchable> and new outside housing ....

[1]<Nylinna Nyhila> ok, a few more small topics and we'll be done

[1]<Nylinna Nyhila> Sint's request

[1]<Kami Kaze> guess we will see more empty plates on the floor using as carpet

[1]<Nylinna Nyhila> swapping doh and dol in the calendar

[1]<Scar Undutchable> ok lets see what's in there

[1]<Nylinna Nyhila> no need to do it right now Scar

[1]<Bobbin Threadbare> it feels like personal request, tho i'm not against that

[1]<Nylinna Nyhila> this afternoon will be good

[1]<Nylinna Nyhila> yes, it is a personal request but no incidence on the fc i think

[1]<Nylinna Nyhila> i don't have any problem with that, does anyone has any issue?

[1]<Bobbin Threadbare> btw, could u guys fills me in later on what i'm missing on 1st half hour? :)

[1]<Nylinna Nyhila> yes, and there will be the minutes of the meeting later bob  
[1]<Bobbin Threadbare> i know, but if can, i wanna know before it. lol  
**Ezzy Sam: nothing but SHIPSSS**  
[1]<Scar Undutchable> sit  
[1]<Scar Undutchable> ...  
[1]<Nylinna Nyhila> guys, just say yes or no so we'll go to next topic  
[1]<Bobbin Threadbare> just quick sum will do ^^  
[1]<Bobbin Threadbare> yes. lol  
[1]<Illuminos Beldrobbæn> yes to dol doh switch then  
[1]<Ezzy Sam> yea  
[1]<Nylinna Nyhila> Inzy and i agree with changing that  
[1]<Nylinna Nyhila> Kami, Scar?  
[1]<Kami Kaze> dont care  
[1]<Scar Undutchable> uhm cant fit all in my inventory  
[1]<Bobbin Threadbare> lawl  
[1]<Kami Kaze> eat all  
[1]<Nylinna Nyhila> lol  
[1]<Scar Undutchable> but tab 1 wil be ? 2 3 ?  
[1]<Ezzy Sam> speed "use" all items  
[1]<Bobbin Threadbare> lawl  
[1]<Bobbin Threadbare> ok next  
[1]<Nylinna Nyhila> try to invite the members to take them first  
[1]<Nylinna Nyhila> next, indeed  
[1]<Nylinna Nyhila> lord of Verminion  
[1]<Ezzy Sam> @. @  
[1]<Bobbin Threadbare> ah....  
[1]<Nylinna Nyhila> should we organize a fc tournament?  
[1]<Illuminos Beldrobbæn> maybe once we had a chance to try it out  
[1]<Bobbin Threadbare> hmm... noomz not here huh...  
[1]<Scar Undutchable> would be fun  
**Hale Storm has logged in.**  
[1]<Nylinna Nyhila> (btw, I'm still waiting for the fc card tournament)  
[1]<Bobbin Threadbare> would love her input. lol  
[1]<Nylinna Nyhila> YAY!  
[1]<Nylinna Nyhila> speaking of the devil!  
[1]<Illuminos Beldrobbæn> speak of the devil  
[1]<Scar Undutchable> ITS THE DEVIL  
[1]<Ezzy Sam> eat me boob minion!  
**[FC]<Nylinna Nyhila> Hello Noomy!**  
[1]<Ezzy Sam> lol

[FC]<Hale Storm> o/

*Bobbin Threadbare beckons to the nutkin.*

[FC]<Ezzy Sam> \o

[1]<Hale Storm> devil? yup thats moi

[FC]<Scar Undutchable> hey Noomy

[FC]<Nylina Nyhila> bring your ass in the meeting room, noomy ;)

[1]<Bobbin Threadbare> lawl

[FC]<Hale Storm> hola! omw

[FC]<Illuminos Beldrobbaen> noomz o/

*Scar Undutchable congratulates the nutkin.*

[1]<Nylina Nyhila> ok, you're just on time for the last few topics

[1]<Nylina Nyhila> lord of verminion

*Ezzy Sam waves to Hale Storm.*

[FC]<Inzoum Zimia> hey Noomy :)

*Hale Storm waves.*

[1]<Nylina Nyhila> i was wondering if we should organize a FC tournament

[1]<Inzoum Zimia> well well, full room

*Nylina Nyhila blows Hale Storm a kiss.*

*Scar Undutchable beckons to the owlet.*

*Ezzy Sam lets out a cheer.*

*Illuminos Beldrobbaen welcomes Hale Storm.*

*Scar Undutchable beckons to the owlet.*

*Hale Storm hurls something at the gaelikitten.*

*Hale Storm waves to Illuminos Beldrobbaen.*

Hale Storm: :o lumz

[1]<Bobbin Threadbare> oh btw, did we already discuss the airship exploration before i came in?

*Illuminos Beldrobbaen: :D*

[1]<Kami Kaze> yes

[1]<Illuminos Beldrobbaen> yes

[1]<Bobbin Threadbare> ah k then

[1]<Nylina Nyhila> Bob was saying he wanted your opinion on that topic

[1]<Ezzy Sam> thats the topic u missed

[1]<Hale Storm> what about it?

[1]<Bobbin Threadbare> nah... i just wanna know the policy for inviting non fc member for it

[1]<Nylina Nyhila> oh

[1]<Ezzy Sam> @. @

[1]<Nylina Nyhila> no i was thinking fc only

[1]<Bobbin Threadbare> well.. i kinda doubt we have enuff ppl for it ^^;

[1]<Nylina Nyhila> from what i've understood, it will be like triple triad : you can play with the person of your choice

[1]<Bobbin Threadbare> which also why i mention lacking of DoL resources  
[1]<Hale Storm> how many ppl is max needed?  
[1]<Bobbin Threadbare> i think full pt per run  
[1]<Nyliina Nyhila> that i don't know  
[1]<Bobbin Threadbare> and 1 pt per ship  
[1]<Kami Kaze> 2-24max  
[1]<Bobbin Threadbare> oh...  
[1]<Bobbin Threadbare> can do alliance per ship?  
[1]<Nyliina Nyhila> ... i was talking about lord of verminion  
[1]<Inzoum Zimia> yeah, Lords of Verminion will have both open matches with friends or matched games with random people of similar rank  
[1]<Hale Storm> lol  
[1]<Bobbin Threadbare> oh... lol  
[1]<Nyliina Nyhila> 24 ppl = 3 ships  
[1]<Illuminos Beldrobbaren> minion tournament >\_>  
[1]<Inzoum Zimia> you can go on airship expidition with as little as 2 members  
*Illuminos Beldrobbaren feeds the Pumpkin Butler.*  
[1]<Nyliina Nyhila> but i'm sorry we can't go back to the start of the meeting or it will be endless : you'll read the minutes later Bob, sorry  
[1]<Inzoum Zimia> in an alliance, you need 1 ship available per party  
[1]<Bobbin Threadbare> from what i read, the game would feel like rock-paper-scissors with minion  
[1]<Bobbin Threadbare> haha np ny  
[1]<Illuminos Beldrobbaren> indeed nyli XD i have a breakfast appointment  
[1]<Nyliina Nyhila> :P  
[1]<Inzoum Zimia> Lords of Verminion will be kind of like a real time strategy game or moba game  
[1]<Hale Storm> minion battle ? starcraft  
[1]<Hale Storm> =\*  
[1]<Bobbin Threadbare> u mean pokemon? lawl  
[1]<Nyliina Nyhila> would anyone be in charge of organizing a small tournament?  
[1]<Hale Storm> never played  
[1]<Bobbin Threadbare> lol  
[1]<Nyliina Nyhila> or do we wait for next meeting to make a decision?  
[1]<Kami Kaze> way too many minions to choose...  
[1]<Bobbin Threadbare> i tho it would be like FF11's monstrosity XD  
[1]<Ezzy Sam> i got 4 page of minions..  
[1]<Bobbin Threadbare> which is quite popular there  
[1]<Inzoum Zimia> I think maybe we should let people familiarize with the game first  
[1]<Ezzy Sam> err wait lesser..  
[1]<Nyliina Nyhila> 3 and a few for me  
[1]<Inzoum Zimia> we do, however, have a crapload of minions left on Ligeia

[1]<Illuminos Beldrobbæn> they had a mob arena in ffxi no? where you fought other players' mobs  
[1]<Kami Kaze> 126 minions  
[1]<Hale Storm> id prolly wait, alot of new content formost ppl to focus on learning minion stuff  
[1]<Bobbin Threadbare> only have 117. lol  
[1]<Nylinna Nyhila> ok, we'll talk about this later then  
[1]<Nylinna Nyhila> but  
[1]<Bobbin Threadbare> yes illum  
[1]<Nylinna Nyhila> we still have gardening minions...  
[1]<Inzoum Zimia> I'm one minion short of 5 full pages XD  
[1]<Nylinna Nyhila> if we lock another page, we could sell those as well  
[1]<Bobbin Threadbare> but they felt more like open world pvp  
*Illuminos Beldrobbæn feeds the nutkin.*  
[1]<Nylinna Nyhila> but i was thinking about exchanging them gor grade III thanalan topsoils  
[1]<Nylinna Nyhila> for\*  
[1]<Bobbin Threadbare> dang... lol  
[1]<Bobbin Threadbare> i'm still 8 short. lol  
[1]<Ezzy Sam> @. @  
[1]<Nylinna Nyhila> what do you think?  
[1]<Inzoum Zimia> I think that's a good idea  
[1]<Bobbin Threadbare> for?  
[1]<Nylinna Nyhila> 3 topsoils by minion?  
[1]<Inzoum Zimia> in some cases it might exceed the price of the minion if they buy topsoils for it  
[1]<Nylinna Nyhila> well, we need more topsoils  
[1]<Nylinna Nyhila> and we have minions left  
[1]<Bobbin Threadbare> oh...  
[1]<Inzoum Zimia> but anyone who gets the chance to harvest the topsoils themselves will get free  
minions  
[1]<Nylinna Nyhila> ppl who are able to gather would get them for free or almost  
[1]<Nylinna Nyhila> and they'll be able to help their friends  
[1]<Nylinna Nyhila> and we would restock the grade II topsoils  
[1]<Bobbin Threadbare> i kinda forgot about em already since 3.0. lol  
[1]<Nylinna Nyhila> grade III\*  
[1]<Inzoum Zimia> it would be a good way to encourage people to donate grade III topsoils  
[1]<Nylinna Nyhila> and i think minion's cost might increase with Lord of Verminion incoming  
[1]<Kami Kaze> whats the exchange rate?  
[1]<Inzoum Zimia> yeah, probably  
[1]<Bobbin Threadbare> they already costly. lol  
[1]<Nylinna Nyhila> you mean the price, kami?  
[1]<Inzoum Zimia> Nyli suggested 3 thanalan grade III topsoil for 1 minion, price for these minions  
vary WILDLY day to day

[1]<Bobbin Threadbare> i wanna make this iron giant minion, but the mat r like 1 mil gil to make ^^;

[1]<Kami Kaze> no soil and minion

[1]<Inzoum Zimia> from 10 to 80k each

[1]<Bobbin Threadbare> err wait, half mil gil. lol

[1]<Inzoum Zimia> the topsoils are something like 6.5k each I think

[1]<Hale Storm> i think i got some parts for that minions

[1]<Hale Storm> minion\*

[1]<Bobbin Threadbare> and my stupid retainer only bought 1 so far :p

[1]<Nylina Nyhila> you think 3 is not enough, kami?

[1]<Kami Kaze> idk just curious

[1]<Inzoum Zimia> we've got around 30 minions left if my memory serves

[1]<Kami Kaze> i got all garden minions already

[1]<Bobbin Threadbare> well... topsoils gonna require good amount of gather stat tho, hopefully this also encourage ppl to prep their dols better

[1]<Nylina Nyhila> if we sell them all (and inzy think we have 30 or so) we'd have almost a stack of topsoils

[1]<Inzoum Zimia> I think 3 is fine, none of these minions require so many intercrosses that 3 wouldn't be enough to compensate

[1]<Bobbin Threadbare> think i'm only lacking 1-2 garden minions

[1]<Nylina Nyhila> I doubt topsoil is a problem anymore Bob

[1]<Scar Undutchable> i think next year sweden will not exist

[1]<Bobbin Threadbare> lol

[1]<Nylina Nyhila> ok for 3 topsoils, then?

[1]<Inzoum Zimia> I'm ok with 3 topsoils per minion

[1]<Hale Storm> ya scar, russia gonna blow us up

[1]<Ezzy Sam> \*evil grin\*

[1]<Scar Undutchable> no not that far

[1]<Nylina Nyhila> ok nxt topics
